

Links for timetable

Below you will find a link to the schedule for each study program.

We recommend adding it to your calendar by finding the button in your calendar app that says “add to calendar”:

Here you can choose “Subscribe from the web” and paste the link into the text field.

How this looks will vary from app to app. This example is from Outlook.

Alternatively, you can click on “Upload from file.” In that case, you must first click on the link below to download a file. Then you can upload the file to your calendar app. The downside is that you won’t be subscribing to the schedule in the same way, which means that if a class is moved, your calendar will **not** be updated automatically.
